Extra items for your Emergency Survival Bag

BE DISASTER PREPARED!
See preparation suggestions below:

☐ Battery-powered flashlight, lantern, and spare batteries.
☐ A basic first-aid kit, a week's supply of prescription medications, and critical items such as towels and extra toilet paper.
☐ Fresh drinking water for a week (one gallon per person, per day, including pets).
☐ Dry or dehydrated foods (up to the day's worth).
☐ Pay-by-weight or pitch food (up to a week's worth).
☐ Manual can opener.
☐ On bag with the following items:
   ☐ Battery-powered AH/PM radio, flashlight and spare batteries.
   ☐ Extra glasses or contact lenses (keep your last pair for emergencies).
   ☐ List of important phone numbers, such as family doctors, credit card companies, insurance agents, and veterinarians.
☐ Small amount of cash in small bills.
☐ Work gloves (to pick up glass, rusty nails, rusted gear and warm jackets).
☐ Pet first aid kit

Disaster Preparedness Tips for Pet Owners

1. Develop a disaster plan for your pets.
   a. Have pets micro-chipped so they can be easily identified in the event of separation.
   b. Create a list of family members who will house your pets in case of dangerous events.
   c. Keep a list of pet’s dietary needs.
2. Make a portable, easily-handleable pet disaster survival kit.

Good Neighbor Captains
Hi Neighbor,

I am glad that we met today. For future reference, my name is ___________________________. I’m the Good Neighbor Building Captain covering this building. In case of a major disaster I will be coming around to check to see if you’re okay. You can contact me at ___________________________ if you have questions.

☐ (I stopped by but missed you and would like to talk to you. I have left you this letter with attachments from the Disaster Preparedness Task Force.)

The attachments to this letter have information for you to consider in making yourself ready for an emergency:

- Review the reverse side for tips on how to turn off your electricity, water and gas (for some manors).
- Review the material on suggested preparedness you can do to shelter-in-place in your manor for three weeks, which may be required for a major disaster and putting together a “Go-Bag” of critical items.
- See website for upcoming free-to-residents First Aid, AED and CPR classes available to you in the Village.
- In a medical emergency, paramedics look at the patient’s bathroom medicine cabinet (envelope on mirror if no medicine cabinet) to locate an envelope labeled “EMERGENCY MEDICAL INFORMATION”. If you are unable to respond, this information you fill out (attached) and put in the envelope could save your life!
- Consider joining the Disaster Preparedness Task Force to have a great impact on your community. Send email to disasterprep@vmsinc.org for more information. Fill out the attached Volunteer Registry form.

___ Great California Shake Out, www.shakeout.org/california/, as part of this state-wide drill:

☐ I came by your house to tell you about the upcoming drill on October ___.

☐ I came by your house today, during the drill, to practice what may happen in a real emergency.
